

Curriculum Vitae

(Professional)

Gábor Szalkai

Date of Birth 22nd June 1976

Academic Studies in Hungary

September 1995 – June 2000 **Eötvös Loránd University, Faculty of Sciences**
Honours Degree in Geography - certified translator (German language)

September 2005 – Aug. 2008 ELTE TTK, Department of Regional Geography, Ph.D. Student

Topic: **Changes in the public road traffic in Hungary /1869-2006/**

September 2008 Ph.D. Degree, grade „**summa cum laude**”

Workplace

December 2008 - ELTE TTK, Department of Regional Science

Scientific competitions

November 2006 2nd place (together with Tamás Dusek) at the „Kovács Tibor” Nationwide Competition offered by Területi Statisztika (Regional Statistics Review)

Topic: **Possible representations of spatial data by special cartograms**

December 2012 3rd place (together with Borbála Gyapay and Ádám Barancsik) at the „Thirring Gusztáv” Nationwide Competition offered by Területi Statisztika (Regional Statistics Review)

Topic: **From the theory to the practice: possibilities of the forming of small regions**

Studies and Researches Abroad

March, April 2000	Research Scholarship (OMAA) at the University of Klagenfurt Preparing the Thesis: “ Regional Process in Austria “
October 2000 – July 2001	DAAD research scholarship: University of Osnabrück (Germany) Subject: Elaborating a Method to Model the Changes in Reachability Caused by the Progress (or Regress) of Transport Networks – Case study: Hungary
October 2001– September 2004	Ph.D. student at the "Integration of Europe and Structure Changes in Society" Postgraduate College of the University of Osnabrück Subject: Relation Between Traffic Expansion and Completion of Transport Networks and the Regional Progress in the Period of Integration to the EU on the Example of Eastern Central Europe
May – June 2003	Magyar Állami Eötvös Research Scholarship: Babes-Bolyai University, Cluj-Napoca (Romania) Subject: Transport Network and Spatial Economic Structure in Romania
May – August 2009	Magyar Állami Eötvös Research Scholarship, Researches in the National Archives in Transsylvania Subject: Road Transportation of Transylvania in the 19th century
July 2011	Ruprecht-Karls Universität, Heidelberg Subject: Traffic counts of Württemberg – Researches in Archives
2010-2013	Erasmus mobility for professors: Craiova, Cluj-Napoca, Frankfurt am Main

Other scientific activities

2011-	Referee for the „Területi Statisztika”, Tér és Társadalom, OTKA
10. November 2012.	Main organizer of the conference „Transportation – Spatial Researches in Move”, ELTE TTK, Budapest
2013	Referee for the handbook of the University Miskolc: „International Freighting”
2010-	Erasmus Co-ordinator of the Center of Geography

Main research topics

Examination of road traffic progresses
Researching the traffic progress of 19th century
Theoretical and practical questions of the spatial division
Reachability surveys
GIS modelling
Phantomborders

Languages

German	Advanced
Latin, English	Intermediate Level
